

# The Kennels of STONE CREEK

## Boarding Checklist

Just as you prepare for travel and hotel stays, your dog's needs must be addressed as well. Here is a quick checklist to help you remember everything you need to make your dog's experience safe and enjoyable.

- VACCINATIONS Report from your vet must be sent to [boarding@stonecreekkennels.com](mailto:boarding@stonecreekkennels.com) prior to boarding.

New or expired vaccinations must be given 10 days prior to boarding. Your dog will need to be current on the following shots:

- DHPP - Distemper, Hepatitis, Para influenza, Parvovirus
- Rabies
- Bordetella (Kennel Cough)

- DOG FOOD Zip lock bags with food pre - measured for each meal is best.

Stone Creek feeds Purina ONE® True Instinct with a Blend of Real Turkey & Venison

You may bring your own food, we ask because of our limited storage space that you bring only enough for the duration of their stay at Stone Creek.

- MEDICATIONS Meds can be placed in a daily pill container for accuracy.

All medications must be provided by the owner, clearly labeled, and include written instructions with the pet's name, type of medication, the reason for medication, dosage, and administration schedule.

- BED or rug to sleep on
- TOY or bones (limit of 2)
